Serial Nos. Four

Part B for Nov. 33

SUBJECT.

Re-employment of the labour staff at a Cost of Rs 1495 p.m. for working all the 10 Mills in the weaving sect.

D.O. 018-19 dt 30.10.33

to

Dir I&C, Coimbatore

Functions re recommendation by the Dir of I&C re —

Serial No.	
1	Letter no. 124-1149-28 dated 9th October 1933 from the Dir-In. requesting sanction to entertain labour staff costing Rs. 1425/- p.m. for working all the 20 looms in the Weaving Section.

Seri.43-31-2
Seri.24-32-4

A monthly expenditure up to a limit of Rs. 880/- has been permitted to work the Silk Weaving Factory with ten looms. The no. of looms at work has since been increased to 20 to meet the growing demand for high class fabrics and with the additional looms, it is expected to increase the output to 4 000 yards per month as against the output of 2200 yards for 10 looms. The Dir. requests sanction to a staff of labour to be appointed from 1.10.33, at a cost of Rs. 1425 leaving his discretion to employ supervisory staff to make minor adjustments in the sanctioned scale. The proposal of the Dir. involves an additional expenditure of Rs. 545/- p.m. ~~[illegible]~~. The Superintendent of Rs. 2000/- p.m. If the Director's proposal is sanctioned, the excess expenditure will also have to be met from the increased receipts from the anticipated larger output for 20 looms.

OFFICE OF THE DIRECTOR,

Dated, Bangalore, 5th October 1933

FROM

A. V. RAMANATHAN, Esq., B.A.,
~~N. RAMA RAO, Esq., B.A., B.L.,~~
Director of Industries and Commerce in Mysore,
Bangalore, (India.)

RECEIVED & REGD
10 OCT. 1933
DEVELOPMENT BRANCH.

To

S. Abdul Wajid, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

Seri-24-32-
Dep. 239

In continuation of my letter of even No. dated the 4th-5th August 1933, I have the honor to state that the Superintendent of Sericulture has since submitted proposals furnishing details of the Labour Staff necessary for working all the 20 looms in the Weaving Section. A copy of his letter dated the 28th Augt. 1933 on the subject together with a copy of its enclosure is submitted herewith. The staff proposed by the Superintendent is for working all the 20 looms one shift and for working the preparatory machines all the 24 hours of the day in three shifts of 8 hours each. I discussed the matter with the Superintendent and also the Weaving Expert when I had been to Mysore during August last.

The particulars of the Labour staff to be employed in each section are as follows -

1. Weaving Section - The cost of the staff required for weaving Section as proposed by the Superintendent is Rs 775/- per month, details for which are furnished in the statement enclosed. I consider that excepting the one extra reacher or warper on Rs 25/- per mensem, the other staff proposed by the Superintendent is necessary. The reserve staff of 2 weavers and one warper or reacher is necessary to take the place of men who either go on leave or absent themselves suddenly to avoid loss to the Factory by the dislocation of work. I therefore recommend that staff costing Rs 750/- permonth may be sanctioned as against Rs 775/- proposed by the Superintendent of Sericulture.

2. Throwing and Preparatory Sections - The Superintendent of Sericulture proposes to have Labour Staff here upto Rs 570/- per month for working the machines in the section all the 24 hours in three shifts of 8 hours each to cope with the demand for twisted silk required for the looms. The staff proposed by the Superintendent of Sericulture includes one man for Miscellaneous work on Rs 15/- per month. I have asked the Superintendent to manage the work in this section without this additional man for miscellaneous work. The labour staff for this section may therefore be fixed at Rs 555/- per month.

3. Workshop and Stores etc.- The staff proposed by the Superintendent for this section costs Rs 130/- per month. I consider that the boy on Rs 10/- per mensem proposed for assisting the Store-Keeper for issuing materials is not necessary. The remaining staff upto the extent of

V

of Rs 120/- proposed may therefore be sanctioned.

The total cost of the labour staff that had been proposed for all the three sections was Rs 1,475/- per month and with the modification suggested by me the cost would come to Rs 1,425/- per month. I request that the sanction of Government may be obtained to the scale of labour now proposed by me which has been brought into effect from 1st Octr. 1933. It is expected that with this labour, it would be possible to increase the output of the Factory to about 4,000 yards of silk per month. I have asked the Superintendent to take particular care in the employment of labour and to cut down expenditure whenever possible by making suitable adjustments according to the exigencies of work on hand. The Superintendent should therefore be given the necessary discretion in making minor adjustments in the sanctioned scale

I request that early orders of Government may be kindly obtained sanctioning these proposals.

I have the honor to be,
Sir,
Your most obedient servant,

H.E. Ramiengar
Director-in-charge.

Gl. No.	594
File No.	20

Encl.....

SILK WEAVING FACTORY,
Manandthody Road,
MYSORE,

Dated, 28th August 1933.

The Director of Industries
and Commerce in Mysore,
Bangalore.

Sir,

With reference to your No. D4.1199/28-29 dated 4/5th August 1933 calling for a report regarding the additional staff necessary to work the ten additional looms received recently in the Govt. Silk Weaving Factory, Mysore, I have the honour to submit herewith a statement showing the labour required for work in the extended factory. The statement includes the labour already sanctioned by Government in G.O.No.D.2403-4/Seri.43-31-2 dated 19.11.1931 and G.O. No. D.4111-12/Seri.24-32-4 dated 25.2.1933.

The maximum amount sanctioned by Government for labour as per G.O. dated 25.2.33 is Rs. 880/- only, subject to the condition that the total monthly production should not be allowed to fall below 2200 yards of all varieties. The maximum amount of wages paid so far in any month has not exceeded Rs. 790/- including the wages paid to weavers under training. The amount required for working the 20 looms is Rs. 1,475/- only, i.e., Rs. 595/- more than the amount sanctioned by Government in the G.O. dated 25.2.1933. The production of fabrics per month when all the 20 looms are worked is expected to reach about 4000 yards as against 2200 yards fixed when the maximum amount of wages sanctioned amounted to Rs. 880/- only. Due provision has been made in the estimate for working the Throwing and the preparatory machines all the 24 hours to enable sufficient quantity of twisted silk being supplied to work all the 20 looms. Due provision has also been made to have spare weavers and warpers to replace men who go on leave and to supervise the work in the twisting and preparatory sections all the 24 hours.

3 As stated above, it is expected that the production of all kinds of fabrics would be about 4000 yards per month when all the 20 looms work. The total expenditure per month including the cos of raw materials, wages, power and light, dyeing charges and indirect charges (salary of Expert, depreciation etc) would amount to Rs. 14,000/-. The market value of the finished fabrics would be about Rs. 16,000/- per month, thus showing a profit of about Rs. 2,000/- a month in the Weaving Section.

4 I wish to state that 6 out of the 10 additional looms have already been erected and five of these have been working. It is expected that the other four looms will be erected and will begin work by the end of September 1933.

5 I beg to request that Government sanction may kindly be obtained increasing the maximum wages to be paid in the Weaving Section from Rs. 880/- to Rs. 1,475/- per month with effect from 1st October 1933. The Superintendent in charge of the Factory may kindly be given the discretion of to employ as many people as may be necessary provided the maximum amount of wages paid per month does not exceed Rs. 1,475/-.

6 I beg to say that the maximum amount of Rs. 1,475/- will not be reached in any month unless it is absolutely necessary in the interest of work and that every attempt will be made to minimise expenditure under labour consistent with the volume of work ~~found~~ turned out.

7 I wish to say that the question of labour required for working the 20 looms was discussed by you with the Weaving Expert on 15.8.1933 at Mysore.

8 I beg to request for early orders.

I have the honour to be
Sir,
your most obedient servant,

Superintendent of Sericulture.

HSG:NBB)

Statement showing the details of labour required for working 20 looms in the Weaving Section of the Govt. Silk Weaving Factory, Mysore.

	Amount per month.	Remarks.
1) Weaving:		
22 Weavers at Rs. 30/- each per month	Rs. 660/-	Provision has been made for 2 extra weavers an one warper and o reacher to repla these people whe regular workmen go on leave, absent themselve etc.
1 Drawer } for drawing in - Rs. 25/- each 1 Reacher } per month	Rs. 50/-	
1 Extra Warper and 1 extra reacher for drawing in at Rs. 25/- each per month	Rs. 50/-	
One oiler for the 20 looms -	Rs. 15/-	
	Rs. 775/-
